

# Community Planting Day

Ludmilla Creek Landcare Group invite you to come along & “Adopt” one of our plants. it's a free event!

And this year we are doing things a little differently – we want to make the event even more sociable. A little bit **GROOVY** – a little **BIT 70'S PERHAPS**. Yes we are holding a “progressive” planting day! We'll start with about 40 plants at the “mangrove Edge” and then walk, chat, plant, water and chat some more as we move through the “pandanus patches” the “Woodlands” and finish the event at the Milkwood patches”. (total distance of only around 400 metres)

By joining us on this “wet season” planting day you'll be helping with the ongoing revegetation of areas along Namarluk Drive. For anyone not yet familiar with the network of walking tracks and recently planted areas along Namarluk Drive, please do come along, take a stroll, **and have a read of our great interpretive signage.**

**WHERE:** Namarluk Drive Ludmilla (meet opposite house No's.18-22)  
**WHEN:** **4:30pm - Saturday 3<sup>rd</sup> December 2016**  
**WHAT TO BRING:** Sunscreen, hat, drinking water, insect repellent, gardening gloves & suitable footwear.

Please note: Holes for the plants are dug prior to planting sessions so ‘Planting Days’ are always a fun and easy way to get involved. Gardening tools and extra gloves will be provided. We encourage locals of all ages to come along and join in – bring the kids. Cold drinks and COMPLIMENTARY snacks will be available too.

**You're welcome to just turn up on the day or RSVP - via email: [ludmillacreek@gmail.com](mailto:ludmillacreek@gmail.com)**
