

# Introducing: LITTLE GEMS

NT Swim School are proud to announce the launch of Little Gems, our newest swimming program specifically designed for children with an Autism Spectrum Disorder.

We will be working closely with Darwin's OT's and Autism SA to ensure our program development fits all children's needs.

The Little Gems program will feature:

A Schedule so your children can have input into the plan for their lesson and understand each step in the lesson

Sand Timers, so your children are able to better understand how long the lesson will be

Your children will also receive an introductory social story which they can take home!

**1:1 Private Lessons: 30 min - \$60 per sesh (5 week block \$300)**

**1:3 Small Group Lessons: 30 min - \$20 per sesh (5 week block \$100)**

We are happy to accept the NT Government (\$100) vouchers and Water Safety Awareness Program (WSAP- \$50) vouchers for your child's lessons.

NT Swim School are also providers for BUPA and HCF.

Lessons commence from Term 1, 2017 (30<sup>th</sup> January)
