

Stepping Stones In Life
Therapy Service

ABA THERAPY

**Stepping Stones in Life Therapy Service has Trained
ABA Therapist's offering sessions**

♦ What is ABA Therapy?

Applied Behavioural Analysis (ABA), is a technique focused on teaching. In ABA Therapy each skill to be taught is broken into small steps so the child can learn more easily and these steps are taught systematically in a hierarchy.

ABA programs are highly individualised and cover all areas of the child's development, communication, play, social/ relationship, academic and motor skills.
