

Defence Special Needs Support Group (DSNSG)

The Defence Special Needs Support Group (DSNSG) has support groups in each State and Territory which are able to assist with information and support at a local level.

DSNSG provide a "For your information" scheme provides opportunities for families to attend workshops and events at a reduced price. The aim for this program is to assist families in networking within their own peer support group as they relocate around Australia. This has shown to decrease the isolation that can affect families with special needs. DSNSG are subsidising the Nelle Francis workshop to \$50 providing they are members of DSNSG.

Schemes offered include;
