

PROJECT UPDATE

Harry's Place - Stage Two Construction

June 2019

What is Harry's Place?

Harry's Place, located at 1 Willeroo Street Tiwi, is a shared community space representing a new approach in building community capacity. The precinct will offer a range of community, allied health, education, training, aged and direct care services.

Stage One of this exciting initiative was completed in 2018 and encompasses a fully equipped administration building featuring shared services including reception, kitchens, meeting and conference rooms. A range of community sector organisations deliver services from the building.

Stage Two of the precinct development will cater for multiple needs, including people with disabilities, adult day services and aged care respite. The design is multi-purpose and will provide solutions for people from across the community.

What is included in Stage Two?

Stage Two comprises of three single storey buildings, a car park and an internal connecting road. The special use facility will incorporate:

- An adult day service centre with recreation, vocational and education facilities
- Short term disability accommodation
- Aged care respite accommodation

When will Stage Two construction commence?

Stage Two construction will commence shortly and is anticipated to be completed by late May 2020. The construction is led by local company Halikos Group. A robust dust and noise control management plan will be implemented throughout the project, along with traffic and safety management measures.

Project updates

Updates will be provided by Carpentaria throughout the project. If you wish to be included on Carpentaria's stakeholder contact list, please email info@carpentaria.org.au or phone 8920 9400.
