

City of Darwin and Variety NT are working together to create a new playground that is welcoming and inclusive for everyone to enjoy – young and old, families and carers, and people of all abilities.

To create this new play space we are asking the community to answer these questions;

Can I get there?
Can I play? Can I stay?

This is an opportunity to create an exciting new playground that will be loved by everyone and allow children to play together regardless of abilities.

Help us plan the new playground!

We need young volunteers to inspect our playgrounds! Sign up to get an Official Playground Detective Kit and visit four local playgrounds to investigate. Your detective work will help us design the new playground. You will also go in the draw to be one of the first five children to try out the new Jingili Playground!
