Our Services

Support Coordination

We offer three levels of support to ensure that you have the services that are best for your requirements.

Level 1: Support Connection

build your ability to source and coordinate the providers and services that fit within your NDIS plan.

Level 2: Coordination of Supports

Our experienced Support Coordinators will work with you to strengthen your ability to connect with the providers of the services you require, and become involved in the community and the activities that serve your needs.

Level 3: Specialist Support Coordination

This specialist level of support is funded by the NDIS in rare circumstances. It can only be delivered to you by a qualified practitioner, such as an occupational therapist, a psychologist or a social worker.

Plan Management

With our personalized approach, we take your plan management to a new level of service. Our real-time status app means we know immediately the financial status of your plan, and can update you regularly.

We pay your service provider invoices within a guaranteed 5 days. And we email or mail you monthly statements to always keep you informed.
